

LNE: Accreditations, Approval and Notification

Operating since 1901, LNE has established a reputation for technical expertise and maintains a large list of accreditations, recognized in Europe and other countries. LNE/G-MED America is your local connection to LNE. Contact us for all of your certification, testing and training needs. Our Quality Staff stay at your disposal to provide you with further information.

Contact LNE/GMED America at: (301) 495-0477

LNE Accreditations

Calibration		
Accreditation Number	Field	Scope
Accreditation n°1-0606	Calibration	Calibration of the length of travel of the cross-machine tensile / compression

Testing		
Accreditation Number	Field	Scope
Accreditation n°1-0606	Tests	<ul style="list-style-type: none"> - Products Information Processing - Electrical goods (small appliances) - Appliances - Lighting - Transformers, mains units, chargers - Toys - Laboratory apparatus - Electrical equipment - Tests on envelopes

Certification of company management systems		
Accreditation Number	Field	Scope
Accreditation n° 4-0038	Management systems certification	<ul style="list-style-type: none"> - Certification label G-MED <ul style="list-style-type: none"> • Health and medical devices - Certification LNE <ul style="list-style-type: none"> • Management System
SCC	CMDCAS	<ul style="list-style-type: none"> - Glass, paper, metal, plastic, wood.
	BRC/IoP	<ul style="list-style-type: none"> - Glass, paper, metal, plastic, wood.
	ACERMI mark	<ul style="list-style-type: none"> - Thermal insulating materials in the form of plates, panels, rolls or in bulk.

Certification of products		
Accreditation Number	Field	Scope
Accreditation n° 5 - 0012 and No. 5-0019	Certification of industrial products	<ul style="list-style-type: none"> - LNE-Packaging mark (technical regulations based on LNE guidance) <ul style="list-style-type: none"> • Packaging materials and packaging - NF mark (under AFNOR authority) <ul style="list-style-type: none"> • Transport packaging • Agriculture Equipment • Consumer products and community facilities • Construction products • Healthcare
	Certification of measuring instruments	<ul style="list-style-type: none"> - Examination type for categories under the decree of May 3, 2001 - CE type examination for categories covered by Directive 90/384/EEC - CE type examination and design examination under Directive 2004/22/EC (MID)
	BRC/IoP	<ul style="list-style-type: none"> - Glass, paper, metal, plastic, wood.
	ACERMI mark	<ul style="list-style-type: none"> - Thermal insulating materials in the form of plates, panels, rolls or in bulk.

LNE Approvals and Notifications

(issued by French and foreign ministries or bodies; see www.lne.eu for all updates.)

Medical/health		
Notified Body Number	Recognized by	Scope
	French Health Ministry	- Electronics correction of hearing implanted Technical Evaluation - TIPS Procedure
	French Health Ministry	- Nicotine, tar and carbon monoxide in cigarettes
Notified Body N°0459	French Health Ministry	- Products and Medical Devices Active implantable medical devices Notified Body No. 0459 (G-MED) Directive 90/385/EEC • Medical devices Notified Body No. 0459 (G-MED) Directive 93/42/EEC • In vitro diagnostic medical devices Notified Body No. 0459 (G-MED) Directive 98/79/EC and further amendments

Construction products		
Notified Body Number	Recognized by	Scope
	Ministry of Economy, Finance and Industry	- Slates
Notified Body No. 0071	Department of Infrastructure, Transport and Housing	- Directive 95/16/EC Elevators: Safety components
	Ministry of Economy, Finance and Industry	- Materials and construction elements according to their fire reaction (ERP, IGH)
Notified Body No. 0071	Department of Infrastructure, Transport and Housing	- Construction products Directive Construction Products 89/106/EEC • Reaction to fire for a wide range of products. • pipes and tanks in contact or not with drinking water, profiles, composite panels, sandwich panels. • Pre-notification

Instrumentation and metrology		
Notified Body Number	Recognized by	Scope
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Alcoholmeters and hydrometers for wines
	Ministry of Economy, Finance and Industry	- Plastic Seating shells: fire behavior
	Ministry of Economy, Finance and Industry	- Thermometers for measuring the temperature of perishable
	Ministry of Economy, Finance and Industry	- Procurement contracts and emergency planning Mattresses: fire behavior
	Ministry of Interior	- Photographic systems for passport photos
	Ministry of Interior	- Camera system produced by a supplier
	Ministry of Economy, Finance and Industry	- Breathalyzers
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Directive 2004/22/EC • Measuring instruments (conformity assessment)
	Ministry of Economy, Finance and Industry	- Measuring instruments (type examinations, approval and monitoring of quality assurance systems manufacturers, repairers and installers)
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Directive 90/384/EEC • Non-automatic weighing instruments (NAWI) EC (EC type approval and quality assurance systems)
	Ministry of Interior	- Sound Level Meters
	Ministry of Interior	- Alcohol Thermometers

Consumer products

Notified Body Number	Recognized by	Scope
	Ministry of Transport, Infrastructure, Tourism and Sea	- Swimming pool shelters
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- EMC Directive 2004/108/EC Electrical equipment: electromagnetic compatibility <ul style="list-style-type: none"> Thermal insulation products, metal flues and plastics, heaters, radiant panels, stretch ceilings, suspended ceilings, panels made from wood, seal, rubber flooring, tiles, waterproofing membranes, decorative laminates, plastic tanks, plasterboard.
	Ministry of Economy, Finance and Industry	- Childcare articles
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Pressure Equipment Directive 97/23/EEC <ul style="list-style-type: none"> Pressure cookers
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Directive electrical equipment intended for use within certain voltage limits 2006/95/EC <ul style="list-style-type: none"> Electrical
	Ministry of Economy, Finance and Industry	Mobile odorless stoves (kerosene or not)
	Ministry of Economy, Finance and Industry	Dispatchers heating costs (test type examination)
	Ministry of Transport, Infrastructure, Tourism and Sea	Alarm systems for swimming pools

Energy and environment

Notified Body Number	Recognized by	Scope
Notified Body No. 0071	Ministry of Ecology and Sustainable Development	- Directive 2000/14/EC <ul style="list-style-type: none"> Noise outdoors equipment used: construction machinery, road equipment, garden equipment
	Ministry of Ecology and Sustainable Development	- Classified installations: Measurement of mechanical vibrations emitted into the environment

Consumer products

Notified Body Number	Recognized by	Scope
	Ministry of Transport, Infrastructure, Tourism and Sea	- Protective barriers for swimming pools
	Ministry of Economy, Finance and Industry	- Bicycles
	Ministry of Economy, Finance and Industry	- Portable ladders, stools, steps
Notified Body No. 0071	Ministry of Transport, Infrastructure, Tourism and Sea	- Safety covers for pools
	Ministry of Economy, Finance and Industry	- Equipment collective play areas
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Fireplaces and inserts using solid fuels
Notified Body No. 0071	Ministry of Economy, Finance and Industry	- Toys Directive 88/378/EEC : Toys EC

Packaging and packing

Notified Body Number	Recognized by	Scope
	Department of Infrastructure, Transport and Housing	- Packaging, containers, IBCs and large packaging Directive 97/34/EC for the transport of dangerous goods by land, sea, air
	ISTA; United States (International Safe Transit Association)	- Tests on flexible containers (BCF): intended to contain non-hazardous materials EFIBCA (European Association of Manufacturers of flexible containers)
		- Tests on product packaging non-hazardous
	Ministry of Agriculture and Fisheries	- Packaging for food
	Renault	- Automotive: Accreditation self validating supplier Renault
	Recognition SNCF RATP	Railway rolling stock: materials and products (interior and exterior)

Other approval and notification

Notified Body Number	Recognized by	Scope
Act No. 83-660 of July 21, 1983 on consumer safety DGCCRF	DGCCRF	- Accredited laboratory for analysis and testing of consumer products
	Ministry of Economy, Finance and Industry	- Product Certification Certifying Body products for the award of certificates of qualification LNE-Packaging
	CFCE (French Center of Foreign Trade)	- Laboratory approved for food contact materials for export to Japan.
	Department of Labor, Germany	- GS mark (Geprüfte Sicherheit - Security Controlled)
	Ministry of Industry and Foreign Trade, Japan (MITI)	- Testing and monitoring for the issuance of the Japanese JIS
	SCAS, Japan (Consumer Product Safety Association)	- Managing, testing and factory inspections as part of Japanese brands and SG S

Transport safety

Notified Body Number	Recognized by	Scope
	French Health Ministry	- Breathyalyzer
	Department of Infrastructure, Transport and Housing	- Ship Safety: life jackets, buoys, immersion suits, life rafts, signaling sound (inland and marine).
	Department of Infrastructure, Transport and Housing International Maritime Organization (IMO)	- Ships: combustibility of building materials, flammability of coatings and furniture arrangements
Notified Body No. 0071	Department of Infrastructure, Transport and Housing International Maritime Organization (IMO)	- Ships: combustibility of materials used partitioning of fire on board
Notified Body No. 0071	Renault	- Automotive: Accreditation self-validating supplier Renault
	Recognition SNCF RATP	Railway rolling stock: materials and products (interior and exterior)
